

2018 CONFERENCE

# ABA IN OREGON

STRIVING *for* EXCELLENCE

October 19–20 • Oregon Institute of Technology • Wilsonville, OR

As part of our 2018 conference, The Oregon Association for Behavior Analysis (ORABA) is pleased to offer a free, half-day informational event on Applied Behavior Analysis for parents of children with autism and other developmental disabilities. This event will include:

- A panel presentation on taking a leading role in your child's IEP team, setting and meeting appropriate IEP goals, and being an effective advocate for your child's needs within the school system. (NOTE: This presentation addresses IEPs in general and is relevant even if your child does not receive ABA services.)
- An "Ask a BCBA" booth that gives you the opportunity to talk one on one with a BCBA about the theory and practice of Applied Behavior Analysis and how it can help your family.
- Exhibit tables with Oregon ABA providers.
- Opportunities for parents to meet other families for networking and mutual support.
- Snacks and refreshments.

\*Please don't ask BCBA's specific questions about your current provider's services. We can direct you toward organizations that will help you determine if you are getting ethical and appropriate services.

Founded in 2009, The Oregon Association for Behavior Analysis (ORABA) is a nonprofit 501(c)(3), an affiliated chapter of the Association for Behavior Analysis International, and an affiliate of the Association of Professional Behavior Analysts. Our aims are to:

- Disseminate information about ABA
- Provide educational opportunities for parents and providers
- Advocate legislative policies that protect consumers of ABA services

If you wish to attend this free informational event, RSVP to [info@oraba.org](mailto:info@oraba.org), and we'll send updates as we get nearer to the event.
